

This is to certify that

BT4

supplied by

**Biosynthetic Technologies Food, Drug
and Personal Care**

6320 Intech Way, Indianapolis, IN 46278, USA

has been registered by InS Services (UK) Ltd

Incidental Food Contact

This product is acceptable as an ingredient for use in an H1 lubricant, anti rust film or release agent with incidental food contact for use in and around food processing areas in locations where there is a potential exposure of the lubricated part to food. This approval is quoted with Klimisch validity 1 (valid without restriction) because it has been performed according to the ISO 14669 standard with no relevant deviation, and to GLP.
